Important information

Although this image is intended to reflect your actual vehicle configuration, there may be some variation between this picture and the actual vehicle. Some items shown are European specifications.

PORSCHE

Technical data

Cayenne Turbo GT

8-speed automatic gearbox

Power unit

| | |
|------------------------------|-----------------------|
| Number of cylinders | 8 |
| Bore | 86 mm |
| Stroke | 86 mm |
| Displacement | 3,996 cm ³ |
| Power (kW) | 485 kW |
| Power (PS) | 659 PS |
| Maximum engine speed | 6,800 1/min |
| Max. torque | 850 Nm |
| Max. output per liter (kW/l) | 121 kW/l |
| Max. output per liter (PS/l) | 164 PS/l |

Performance

| | |
|---|----------|
| Top speed | 305 km/h |
| Acceleration 0 - 100 km/h | 3.3 s |
| Acceleration 0 - 160 km/h | 7.7 s |
| Acceleration 0 - 200 km/h | 12.1 s |
| In-gear acceleration (80-120km/h) (50-75 mph) | 2.2 s |

Consumption/Emissions (ECE)

| | |
|------------------------------|---------------|
| Fuel consumption urban | 17.5 l/100 km |
| Fuel consumption extra-urban | 9.6 l/100 km |
| Fuel consumption combined | 12.5 l/100 km |
| CO2 emissions combined | 285 g/km |

Sound level (type approved based on UN-R 51)

| | |
|---|-------------|
| Sound level of stationary vehicle | 89 dB(A) |
| Sound level of stationary vehicle (rpm) | 3,750 1/min |
| Sound level of passing vehicle | 74 dB(A) |

Body

| | |
|--|----------|
| Length | 4,932 mm |
| Width | 1,995 mm |
| Width (with mirrors) | 2,194 mm |
| Height | 1,648 mm |
| Wheelbase | 2,895 mm |
| Turning circle | 11.5 m |
| Unladen weight (DIN) | 2,245 kg |
| Unladen weight (EU) | 2,320 kg |
| Permissible gross weight | 2,680 kg |
| Maximum load | 435 kg |
| Maximum permissible roof load with Porsche roof transport system | 75 kg |

PORSCHE

Terrain features

| | |
|---|---------------|
| Max. clearance between ground and water-sensitive parts air suspension (normal ride height) | 460 mm |
| Slope angle, front/rear air suspension (normal ride height) | 17.6 - 18.8 ° |
| Ramp break over angle air suspension (normal ride height) | 16.3 ° |
| Ramp break over angle air suspension (off-road ride height) | 20.6 ° |
| Max. ground clearance air suspension (normal ride height) | 173 mm |
| Max. ground clearance air suspension (off-road ride height) | 223 mm |

Capacities

| | |
|--|---------|
| Luggage compartment volume, rear V210-2 | 538 l |
| Open luggage compartment volume (up to the upper edge of the rear seats) | 576 l |
| Largest luggage compartment volume (behind front seats, up to roof) | 1,486 l |

PORSCHE

Standard options

Cayenne Turbo GT

Wheels

- 22-inch GT Design wheel in satin Neodyme 22-inch forged aluminium GT Design wheel painted in satin Neodyme.

Front axle: 10.5Jx22 ET49 with tyres 285/40 ZR22 (110Y) XL

Rear axle: 11.5Jx22 ET52 with tyres 315/35 ZR22 (111Y) XL

Includes wheel covers with full-colour Porsche Crest

Tyres

- 22-inch Performance tyres A performance compound further increases the grip level between road and tyre. In combination with an optimization of the tread depth, this results in improved performance, even when the tyre heats up.
The tyres offer optimum grip, are designed for intensive use and are also suitable for use on the racetrack. Despite the sporty orientation of the performance tyres, good wet performance on damp road surfaces has been achieved.

Front axle: 285/40 ZR 22 XL,

Rear axle: 315/35 ZR 22 XL

Wheel Accessories

- Tyres
 - Mixed tyres
- Wheel centre set with full-colour Porsche Crest
- Anti-theft wheel bolts
Anti-theft protection set comprising four coded wheel bolts (one per wheel) and one adapter. The wheel bolts have a screw head with a specially shaped internal profile and can only be loosened with the supplied adapter.
- Tyre Pressure Monitoring System (TPM)
- 20-inch collapsible spare wheel Stows beneath loadspace floor and comes with jack and collapsible wheel chocks and electric air compressor.

PORSCHE

Seats

- Sports seats front (8-way, electric) with integrated headrests
Sports seats front (8-way, electric) with integrated headrests and memory package.
Turbo-GT specific perforation pattern on seat centre and backrest in Race-Tex with contrast accent.
Stitched model logo on headrests front in contrast colour.

Electric adjustment of:

- seat height
- seat angle
- backrest angle
- fore/aft adjustment

Storage of personalised settings for driver and front passenger seats, steering column and exterior mirror positions.

Storage net on the back of the driver and front passenger seats

- Sports rear seat system
Sports rear seat system with two seats, two-way headrests, manual backrest angle adjustment, split-folding backrests (40/20/40), central storage tray with Race-Tex stress and fold-out centre armrest with two cupholders
- Seat Heating (front and rear)
Separately controlled, front and rear left and right. Three-stage control.
The seat heating balance between the seat squab and the backrest can be adjusted via PCM for the front seats
- ISOFIX fastening system, rear Mounting points on outer rear seats for ISOFIX child seat mounting system

Equipment Packages

- Equipment "base"
- Turbo GT - version
 - Turbo GT specific front end with larger air intakes, airblade in exterior colour and fins in Black (matt). Marked horizontal struts and inlays painted in Black (high-gloss)
 - Sideskirts in Black (matt)
 - Door side trim in Black (matt)
 - Rear apron in black (matt) with significant diffuser trims in carbon
- Equipment "turbo"

Exterior packages

- Exterior package Black (high-gloss) Side window trims in Black (high-gloss)

PORSCHE

Exterior design

- Body
 - Fully galvanised steel-aluminium-hybrid lightweight bodyshell
 - Engine bonnet, tailgate, doors, side sections and front wings in aluminium
 - Power dome on engine bonnet - Extensive, aerodynamic underbody protection
- Lights, exterior
 - Third LED brake light
 - Automatic headlight activation incl. 'Welcome Home' lighting
 - Front light units with position lights and direction indicators with LED light guide technology
- Roof spoiler in Black (high-gloss) with sideplates in carbon
- SportDesign sideskirts
- Bumper
- SportDesign exterior mirror upper trims carbon
 - Exterior mirror upper trims in carbon with lower trim and mirror base painted in Black (high-gloss)
- Door handles painted in exterior colour
- Wheel arch extension in satin Black
- Automatic tailgate
- Body shape Coupé
 - Wider bodyshell in the rear
- Pedestrian safety

Roof & transport systems

- Lightweight Roof Carbon

Lettering & decals

- Model designation 'turbo GT' in Black (matt) 'turbo GT' model designation on tailgate in Black (matt)

PORSCHE

Powertrain & Performance

- Drive
 - Charge-air cooling
 - Mono-scroll turbocharger
 - Aluminium cylinder head
 - Aluminium engine block
- Porsche Active Aerodynamics (PAA)
- Exhaust system
 - Gasoline particulate filter (GPF)
- Chassis
 - Aluminium multi-link front axle
 - Aluminium multi-link rear axle
 - Integrated Porsche 4D Chassis Control
- Systems
 - Vehicle stability system Porsche Stability Management (PSM) with Anti-lock Brake System (ABS), Anti-slip Regulation (ASR), automatic Brake Differential (ABD), engine drag torque control (MSR), trailer stability management
- Brakes
- 4,0-litre twin-turbo V8 engine
 - maximum power output 485 kW (659 PS), maximum torque 850 Nm.
- 8-speed automatic gearbox
 - 8-speed Tiptronic S transmission with Auto Start-Stop
- Rear-Axle Steering
 - Active steering of the rear wheels for increased agility, a reduced turning circle at low speeds and improved driving stability at high speeds.
- Adaptive air suspension with levelling system and height adjustment incl. Porsche Active Suspension Management (PASM) and lowering of 15 mm
 - Adaptive air suspension including Porsche Active Suspension Management (PASM), reduction in ride height and even sportier PASM setup with:
 - fully load-bearing air-spring struts (two-chamber two-valve technology)
 - self-levelling function
 - electronically controlled damping system Porsche Active Suspension Management (PASM) with continuous regulation of damping force and three manually selectable modes
 - Front axle widened incl. increased camber angle
- Porsche Torque Vectoring Plus (PTV Plus)
 - Variable drive torque distribution at the rear wheels including electronically controlled rear differential lock for optimised traction and steering precision

Only in conjunction with Adaptive Air Suspension incl. Porsche Active Suspension Management (PASM)

- Porsche Dynamic Chassis Control (PDCC)
 - Active roll stabilisation with active electromechanical anti-roll bars at the front and rear axles.

Reduces lateral lift when cornering and improves driving dynamics, agility and comfort.

Note: Only in conjunction with Adaptive Air Suspension incl. Porsche Active Suspension Management (PASM)

- Sport Chrono Package including SPORT Response button in Red
 - Analogue and digital stopwatch
 - Sport Plus mode with performance-oriented settings for engine, transmission and chassis.
 - Sport Response button in red with performance-oriented settings for engine and transmission at the touch of a button
 - Activation of the Launch Control in Sport Plus mode
 - Expansion of Porsche Stability Management (PSM) by a Sport mode
 - Integrated Sport Chrono tile with recording of lap times and telemetry data. Adding tracks as well as the analysis of sectors and laps
- Sports exhaust system in titanium with central tailpipes
 - Features modified main silencer including specially designed with centred oval tailpipes in titanium.

Note: The contactless opening of the rear hatch by foot gesture is not available.

- Power steering Plus

PORSCHE

Powertrain & Performance

- Speed-sensitive power steering. Reduces the steering effort when manoeuvring and at lower speeds
- Porsche Ceramic Composite Brake (PCCB), Yellow brake callipers
Advanced braking system with carbon-fibre reinforced ceramic discs
 - Brake discs internally ventilated and cross-drilled
 - Brake disc diameter 440 mm at front and 410mm at rear
 - 10-piston calipers on the front axle
 - Four-piston calipers on the rear axle
 - Brake calipers with Yellow finish
- 90-litre fuel tank

Lights & Vision

- Vision
- Tinted HD-Matrix LED Headlights
Tinted high resolution matrix headlights with new pixel LED technology and a total of more than 32,000 pixel. Refined four-point daytime running lights in Black (high-gloss) and trim with "Diamar"-surface structure in Black (high-gloss).

Same function and geometry as HD-Matrix LED Headlights (order no. 8IU)
- LED taillights including light strip
LED taillights with three-dimensional lighting graphics, integrated brake lights and light strip with 'PORSCHE' lettering painted in Black
- Automatically dimming interior and exterior mirrors
Rimless rear-view mirror
- Exterior mirrors Electrically adjustable and heatable electrically folding exterior mirrors (also via remote key), aspherical on driver's side, including ambient lighting

Interior packages & decors/materials

- Carbon interior package
Items in Carbon:
 - dashboard trim strips with decorative inlays
 - front and rear door panel trim strips with decorative inlays
- Accent Package Black Finished in Black:
 - door handle and accent trim in door panels
 - accent door panel trim strip front and rear
 - accent dashboard trim strip
 - decorative trim on steering wheel
 - decorative trim for handles in center console and door panel front and rear
 - selected interior items

In combination with the Interior package in Deep Brushed Aluminium or the Leather interior package in interior colour the accent door panel trim strip front and rear and the accent dashboard trim strip are finished in Silver.

In combination with the Matt carbon fiber neodyme Interior Package the accent door panel trim strip front and rear and the accent dashboard trim strip are finished in Neodyme.

Seatbelts & Seat Design

- Seat belts black
- Headrests with stitched 'turbo GT' logo

PORSCHE

Steering wheel, gearshift/selector lever

- GT Sports steering wheel heated with rim in Race-Tex, twelve o'clock mark in Racing Yellow and stitching package in contrast colour
For operation of audio and communication functions and on-board computer.
Steering wheel diameter: 360 mm
Race-Tex in Black: steering wheel rim
 - Mode switch to select the driving modes Offroad, Normal, Sport and Sport Plus.
 - Predefined drive modes can be individually adjusted in various sporty vehicle settings such as chassis level (note: setting options depend on equipment)
- Electric steering column
- Gear selector with Race-Tex accent

Interior design

- Interior
 - Elevated centre console with handles
 - Manual adjustment of seat belt height for driver and front passenger seats
- Lights, interior
LED interior lighting concept: switch-off delay, footwell illumination front and rear, ashtray illumination, glove compartment illumination, ignition lock illumination, front light console (overhead console) with reading spot lights, reading lights rear left and right, illuminated make-up mirror in the sun visor
- Roof lining in Race-Tex
Roof lining, A-pillar trim, B-pillar cover (upper section), C-pillar and sun visors in Race-Tex
- Pedal pads in stainless steel
- Door sill guards carbon, illuminated
Door sill guards front and rear in carbon with white illuminated 'Turbo GT' model logo at front
- Sun visors for driver and front passenger
- Fixed luggage compartment cover
- Floor mats
For single-tone interiors in matching interior colour, for two-tone interiors in the darker interior colour, with 'PORSCHE' logo
- Fire extinguisher
Compact DIN EN 3 powder extinguisher installed under driver's seat and containing 1 kg of extinguishing agent
- Three-Point automatic seat belts with reversible seat belt pretensioner
- Centre armrest

PORSCHE

Assistance systems

- **Head-Up Display**
High-quality, full-colour projection of relevant driving information in the driver's field of vision. The projection allows the information to appear in front of the vehicle. The display position can be adjusted for the driver's height and seat position. The driver is less distracted and can pay more attention to the road. For example, information on the driving speed and navigation is displayed. In addition, depending on the vehicle specification, traffic signs, hazard warnings and Sport Chrono information is displayed. The content that is displayed can be individually adjusted.

Note: Use of the Head-Up Display is only possible to a limited extent with sunglasses with polarised lenses

- **Self-Steering Park Assist**
When activated and at the correct speed, the vehicle is able to detect suitable parking spaces by measuring the space while driving past and then automatically taking control of the steering in parallel and perpendicular parking spaces.

The driver remains in the vehicle and is responsible for the parking manoeuvre as well as for acceleration, braking and changing gears.

Note: In conjunction with ParkAssist front and rear or reversing camera (KA2) or Reversing camera incl. Surround View (KA6) available

- **ParkAssist (front and rear) with visual and audible warning**
Parking aid with ultrasonic sensors integrated into front and rear aprons. Audible notifications of the distance to an object located to the front and rear of the vehicle.
- **ParkAssist incl. Surround View**
As ParkAssist (front and rear) including reversing camera, but also featuring a 360-degree surround view generated from the images of four high-resolution cameras enabling even greater comfort when manoeuvring.

A junction view (from front and rear of vehicle) provides assistance at more complex exits.

Images are displayed on the screen of Porsche Communication Management (PCM)

- **Surround View with Active Parking Support**
- 3D Surround View
The 3D display allows the driver to influence the perspective displayed, resulting in a better all-round view.

Images are displayed on the screen of Porsche Communication Management (PCM)

- Active Parking Assistance

The system automatically detects parking spaces and measures their size. Once the system has signalled that the parking space is a sufficient size, the driver can initiate and control the parking process. The system automatically takes over the steering and the forward and backward movement of the vehicle. The Active Parking Assistance is able to park the vehicle in parallel and perpendicular parking spaces.

- Manoeuvring Assist

The Manoeuvring Assist can, where system limitations allow, prevent collisions through braking in tight and complex manoeuvring situations when reversing.

- Trailer Manoeuvring Support

The Trailer Manoeuvring Support helps the driver when reversing with a trailer.

Note: the functions described support the driver where system limitations allow. The driver must monitor driving style at all times and intervene in cases of doubt

- **Lane Keeping Assist**
- **Warn and Brake Assist incl. Pedestrian protection**

Detects the area ahead of the vehicle.

Within the system limitations, an impending frontal collision with other vehicles, pedestrians or cyclists can be detected both in the urban and extra-urban speed range.

The system warns the driver visually, acoustically and if necessary through a braking jolt.

PORSCHE

Assistance systems

Where required, the system can support the driver's braking or initiate partial or full deceleration in order to reduce the collision speed or prevent the collision in some circumstances.

PORSCHE

Comfort & everyday usability

- Comfort systems
 - Keyless drive
 - Remote central locking
- Ports
 - Three 12 V plug sockets, located in front below the glove compartment, in front centre console and at the side of luggage compartment
- Storage and luggage compartment
- Safety
 - Proactive passenger protection incl. reversible seatbelt pretensioner
 - Rollover detection for activation of curtain airbags and seat belt pretensioners
 - Alarm system with ultrasonic interior surveillance and two-stage locking (SAFE function) - Three-point automatic seat belts with seat belt warning system
- Porsche Entry
 - Access to the car and locking without active use of the key.

Note: The Comfort Access uses state of the art technology. However, it cannot be completely ruled out that the key's wireless encryption code is intercepted and used to open or steal the vehicle

- Soft-close doors
 - Door locks with integral soft-close system for comfortable closing of all four doors
- Four-zone automatic climate control
 - Controllable from the front and rear seats. Separate temperature, fan speed and air distribution settings possible for rear left and right.

Includes additional air outlets in each B-pillar for rear seats.

An active carbon fine dust filter traps particles, pollen and odours and thoroughly filters fine dust out of the outside air before it can reach the interior

- Air Quality System
 - Ionizer with fine dust sensor incl. visualization in the centre display and auto recirculation.
 - Before the air from the automatic climate control flows into the vehicle interior, it is passed through an ionizer. An optimized ion concentration in the air can noticeably enhance the well-being of the passengers.
 - The fine dust sensor measures the level of fine dust in the ambient air drawn in and in the vehicle interior. If a limit value is exceeded, the air conditioning system switches to recirculated air. The multiple flow through the fine dust filter in recirculation mode results in an effective reduction of fine dust in the passenger compartment.
- Particle/pollen filter with active carbon filter
- Driver Memory Package
 - Memory function for driver's seat and exterior mirror positions
- Ambient lighting
 - A choice of seven colored light schemes for the ambient lighting in:
 - front and rear door panels
 - door compartments
 - the front and rear footwell
 - including illumination of the front cupholder

Additionally: 12-volt socket in the rear centre console

- Electric roll-up sunblind for rear side windows
 - Protects against direct sunlight through the rear door side windows.
 - Also operable from the driver's seat
- Alarm system with interior surveillance
 - Alarm system with interior surveillance, Immobiliser and remote central locking
- Non-smoking package
- Side Airbags (front and rear)
 - Front side airbags integrated into seat
 - Curtain airbags along entire roof frame and side glazing from the A-pillar to the C-pillar
 - Side airbags in the rear outer seat backrests
- Airbags - Full-size airbags for driver and front passenger
 - Front passenger airbag deactivation function for mounting child seat on front seat
 - Knee airbags for driver and front passenger

PORSCHE

Infotainment

- Cluster Instrument
- Navigation High
- Smartphone compartment with wireless charging (up to 15W)
Smartphone compartment in centre console with wireless charging up to 15W
- Voice Control
- Digital radio (DAB+)
For receiving digital radio broadcasts in the DAB, DAB+ formats, offering far superior sound. Includes DAB twin tuner and automatic digital/analogue changeover to ensure optimum reception of the selected station
- BOSE® Surround Sound System
BOSE® Surround Sound System with 14 loudspeakers including subwoofer, 14 amplifier channels and a total output of 710 watts. BOSE® Centerpoint 2 Technology enables the system to play stereo recordings in a virtual surround mode. AudioPilot Noise Compensation Technology ensures a consistent and well-balanced sound in all driving conditions. BOSE® SoundTrue enhancement technology delivers improved audio quality and dynamics for compressed file formats such as MP3

Note: reduced luggage compartment volume due to subwoofer underneath the luggage compartment floor

- Smartphone integration
Connect your smartphone to your Porsche and get some of your apps directly on the Porsche Communication Management (PCM) screen. Both Apple CarPlay® and Android Auto™ are supported. Voice recognition lets you use apps conveniently while driving, minimising distractions and allowing you to concentrate fully on the road.

Note: Apple CarPlay requires a compatible iPhone®. The approval of Apple CarPlay in individual countries as well as the approval of apps for Apple CarPlay is controlled exclusively by Apple®.

The approval of Android Auto in individual countries as well as the approval of apps for Android Auto is controlled exclusively by Google®.

The following mobile devices are compatible with the software used in the vehicle can be used without restrictions:

- Apple: iPhone 7 and higher starting iOS 14.1
- Android™ mobile devices with active Google Play services such as Samsung Galaxy S10, Huawei P30, Google Pixel 4, Google Pixel 4XL (Android version 10).

Other devices may be compatible. Users of Android™ devices with Android 9 and lower can download Android Auto from the Google Play Store. For users with devices running Android 10 and above, Android Auto is pre-installed.

- USB-C fast charging function - 2 USB-C Power Delivery connectivity and fast charging ports in the front storage compartment
- 2 USB-C Power Delivery fast charging ports in the rear centre console

(A suitable charging cable and a fast charging mobile device are required for the fast charging function. The actual charging power taken by the connected device may vary.)

Charging & Range

- Fuel cover

Steering Codes

- Steering Code - Engine cooling system

Others

- TPM Valve in Black
- First Aid Kit with warning triangle
